And with good reason, CyberSecurity has never been more
important than it is today!*

How to protect your business and its data during the 2021 holiday season

It's the first year of major holiday travel in the post-pandemic remote work world. Here's what businesses can do to protect themselves from elevated holiday cybersecurity risks.

Brandon Vigliarolo - December 9, 2021, 10:18 AM PST

Just in time for Christmas, Kronos payroll and HR cloud software goes offline due to ransomware

The attack has led to an outage expected to last weeks, leaving companies scrambling to make payroll with the holidays right around the corner.

Brandon Vigliarolo - December 15, 2021, 7:36 AM PST

Baby Dies in Alabama Hospital Due to Ransomware, According to Lawsuit
By Scrubs October 1, 2021 A new lawsuit alleges that a baby born with severe brain injury at a hospital in Alabama died, at least in part, because the facility was suffering from a ransomware attack, which led to a botched medical procedure.

[Baby Dies in Alabama Hospital Due to Ransomware, According ...
